Whereas NASA Langley Research Center helped give birth to the space age by, among other accomplishments, conceiving and managing Project Mercury, the first United States manned space program, training the original 7 astronauts, proving the feasibility of the lunar orbiter rendezvous, developing the lunar excursion module concept and research facilities for simulating landing on the Moon, and successfully sending the first Viking landers and orbiters to Mars;

Whereas NASA Langley Research Center is one of the leading aerospace research laboratories in the world and has consistently been a source of technology that has made aerospace a major factor in commerce and national defense;

Whereas NASA Langley Research Center aeronautics research has benefitted the United States military tremendously through the application of new technologies to the Nation's military, commercial, and experimental aircraft;

Whereas NASA Langley Research Center continues to make significant innovative contributions to aviation safety, efficient performance, and revolutionary vehicle designs for flight in all atmospheres, including developing key technologies for the next generation of air transportation systems;

Whereas NASA Langley Research Center has contributed through its research over the past several decades critical technologies to the United States aviation industry, which is a vital sector of the economy that employs over 2,000,000 Americans and comprises roughly 9 percent of the country's gross national product;

Whereas NASA Langley Research Center continues to provide critical research and development that advances the Nation's future in space exploration, scientific discovery, systems analysis, and aeronautics research while generating \$2,300,000,000 in revenue and 21,000 high-tech jobs for the United States economy;

Whereas NASA Langley Research Center is known for unparalleled technology transfer to both aerospace and non-aerospace businesses, and for its commitment to inspiring the next generation of explorers, both of which have enormous benefit to the public and the national economy; and

Whereas NASA Langley Research Center celebrates its 90th anniversary on October 26 and 27, 2007, and continues pioneering the next frontier in aeronautics and space: Now, therefore, be it
